RESIDENTIAL DEVELOPMENT LAND FOR SALE WITH MAGNIFICENT SUNSETS VIEWS.

GREAT POTENTIAL FOR SECTIONAL TITLE COMPLEX.

Now is the time to grow. The residential property market is booming and there are many investors and first time buyers chomping at the bit to get into the property market.

There are only a few empty stands left in this area and its time for them to sell as all the properties surrounding this vacant land are being developed at a rapid rate into sectional title properties for the entry level property purchasers and property investors. The zoning applications have begun but were interrupted. Most of the ground work is done.

Call me to book a viewing and discuss the excellent potential this investment land holds for the right development. The vacant stand next door is also on the market. Let's talk.
